SCHOOL GROUPS

JANUARY - DECEMBER 2026

Our **Mini-Stay** Program is a fantastic way for schools worldwide to offer their students a life-changing immersion experience to their students in Spain.

The lessons at **AIP Language Institute** follow a **dynamic and communicative approach** in which students have to use Spanish at all times, providing a better scenario for real learning. Then, **we also offer a complete activities program** with visits to some of the most important landmarks in Valencia, museums, bike tours, paella cooking courses, flamenco activities and a lot more. We go to great lengths to make sure all students have a blast during their stay in Valencia.

Our **26 modern classrooms** are equipped with the latest technology. The **digital whiteboards** that can be found in every single classroom provide a unique learning experience in a cool and dynamic environment.

AIP Language Institute is located in a modern, lively and safe neighbourhood, just 10 minutes from the city's two most important campuses. The beach and the city center are also only a few kilometers away from the school, which makes it extremely convenient for all groups to move around the city and **fully experience Valencia**.
