PCE PREPARATION

UNIVERSITY PATHWAY
PROGRAM IN SPAIN

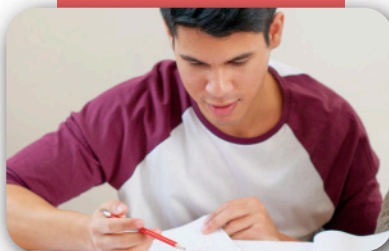

If you are 16 or older and are considering pursuing your university studies in Spain, **we have designed a unique program at AIP Language Institute** to help you prepare for the university entrance exam.

National students must take the exam known as EvAU, while **international students** take a different version of this assessment: the **PCE** (Pruebas de Competencias Específicas).

The **Specific Competency Test** consists of a maximum of six tests. However, you are advised to sit **a minimum of four exams** from a variety of subjects.

To help you achieve your goal, **our program includes everything you need to succeed**: a **Spanish course** to help you reach the necessary level to write and communicate your ideas properly, **classes on the specific subjects** you will be tested on, **comprehensive guidance** to ensure all your required documentation is in order, and also **all-round support** in each phase of your exam preparation as well as during your application for the degree that will open the doors to your academic future.

At **AIP Language Institute**, **we can additionally help you with other pressing issues** to make your stay in Valencia as pleasant as possible: **accommodation** with a host family or in a shared apartment, **medical insurance**, **weekly activities** to help you come out of your shell and discover everything **Valencia** has in store for you.

All the guidance and support you may need

Paperwork is always the least enjoyable part of any process.

And it's even less fun when you're from abroad and unfamiliar with how to handle most of the administrative tasks.

We provide all the help and support you need to obtain your documentation with the least time and effort possible so that you to focus 100% on preparing for the PCE.

Whether it's helping you with your visa application, filling out all the necessary official documents, validating your

qualifications, or assisting you with your university degree enrollment, **at AIP Language Institute, you'll find the support you need** to ensure everything goes smoothly.

Additionally, if you find it too difficult to secure accommodation from your home country, **we can also offer you housing** with a local family or in a shared apartment.

This way, you'll only need to focus on the most crucial aspect of this experience: getting into the university degree program you truly want.
